■ Plenum Cables with Ripcords

General Cable now offers **ripcords on Carol® Brand Electronic Plenum wire and cable** products. Ripcords save time, and therefore money, for installers on the job site because they simplify the process of stripping back the cable jacket for fast installation. Ripcords are now available on:

- Multi-Conductor Unshielded Cable
- Multi-Conductor Foil-Shielded Cable
- Multi-Paired Foil-Shielded Cable
- Multi-Paired Foil-Shielded Mid-Cap Cable
- Multi-Paired Foil-Shielded Lo-Cap® Cable
- Multi-Paired Individually Foil-Shielded Cable

General Cable's large mix of Carol Brand plenum wire and cable features DuPont Teflon® and other fluorocarbon resins, including Flexguard®. Flexguard is a unique copolymer blend, which joins superior performance with superior handling characteristics. All Carol Brand plenum cables meet UL and NEC requirements for low-smoke characteristics and flame-retardant qualities required for installation in plenum spaces in most industrial and office buildings. They provide outstanding electrical properties, high temperature performance and excellent chemical resistance and meet the requirements of NEC Articles 725, 760 and 800.

When you have a need for Electronic Plenum cable, think of Carol Brand Cables first. Remember, you can always ***Demand Better and Expect More*** with General Cable Carol Brand Electronic Cables.
