

MANUFACTURER PRODUCT DECLARATION

Date	Doc. Ref.	Pg.
29/04/2014	CO/SGC/CER/CAL/009-18-14	1

+

This is the certificate in reference to the **IMO GUIDELINES ON SHIP RECYCLING**

I herewith confirm that the above mentioned substances are under the given threshold levels (regarding the whole products weight) for all products produced at Grupo General Cable Sistemas except natural traces.

Substance Name	Threshold level
Asbestos	0 ppm
Azocolourants and Azodyes	30 ppm
Cadmium and Cadmium Compounds	100 ppm
Hexavalent Chromium Compounds	1.000 ppm
Lead and Lead Compounds	1.000 ppm
Mercury and Mercury Compounds	1.000 ppm
Ozone Depleting Substance	0 ppm
Polybrominated Biphenyl (PBBs)	1.000 ppm
Polybrominated Dethenyl ethers (PBDEs)	1.000 ppm
Polybrominated Biphenyls (PCBs)	50 ppm
Polychloronaphthalanes (Cl→3)	0 ppm
Radioactive substances	0 ppm
Shortchain Chlorinated Paraffins	1%
Tributyl Tins, Triphenyl Tins	2.500 ppm
Tributyl Tin Oxide (TBTO)	2.500 ppm

We are in all cases in compliance with the EU-directive 2011/65/UE RoHS Restriction of Hazardous Substances which controls these substances.

Detailed information concerning the content of hazardous substances can be served on an article-number-basis if necessary.

Javier Barbeta
R&D Manager

Warranty

All information regarding the content of substances of our products are provided to the best of our knowledge and belief, but shall not discharge the buyer from own examinations and tests.
